To have a safe and happy Halloween:

• Stay home if feeling ill or if you have mild symptoms.
• Only go out with members of your direct household.
• Only trick or treat outside.
• Both trick or treaters and people handing out candy should wear a face covering:
  o A costume mask is not a substitute for a face covering and should not be worn over a face covering as it may make it difficult to breathe.
  o Consider building your face covering into your, or your child’s, costume.
• Do not congregate or linger at doorsteps. Line up two metres apart if waiting.
  o Avoid high-touch surfaces and objects.
• Whether collecting or handing out treats, wash your hands often and thoroughly or use hand sanitizer:
  o Do not leave treats in a bucket or bowl for children to grab.
  o Consider using tongs, or other similar tools to hand out treats.
